The Nu Colour products listed above will be discontinued in Q4 of 2019.

Why are these products being discontinued? As part of a global effort to optimise our product portfolio, products are being added and removed on a regular basis. In order to align with this process and focus our attention on the best-selling products in the Nu Colour range, we have chosen to discontinue these products.

When is this happening? We will be discontinuing Nu Colour Lip Gloss Sweet Pink, Nu Colour Eyebrow Shaping Kit, the two Nu Colour Eye Liners, the four Nu Colour Pressed Powders and the Nu Colour Compact Pressed Powder in October 2019. The three Nu Colour Eyeshadow Palettes will be discontinued in November 2019.

Are there any alternatives or replacements? While there is not necessarily a direct replacement for these products, we recommend trying out some of the other fantastic products in the Nu Colour range.

Will these products be available in any other markets? These products will be discontinued globally, so they will not be available beyond these dates.

We apologise for any inconvenience this may cause.

--	---

PRODUCT: Epoch Hand Purifier 97102835

Epoch Hand Purifier will soon be discontinued in all markets excluding Japan.

Why is it being discontinued?

The decision to discontinue this product was made on a global level – it is unfortunate, but the special shipping and storage that it requires makes it financially unsustainable without a reformulation, which is not possible at this time. The only course of action is to remove it from our portfolio.

Are there any alternatives to Hand Purifier?

While there are no direct (waterless) alternatives for this product, we do have several other fantastic soaps and cleansers to keep your hands fresh and clean – Body Bar, Liquid Body Bar, Body Cleansing Gel, Aqua Pop, and Epoch Polishing Bar, for example.

We sincerely apologise for any inconvenience this may have caused.
