**Why are Lifepak+ and Eye Formula being discontinued in Switzerland?**

Switzerland is applying new regulation, which changes the maximum quantities of certain minerals, vitamins and removal of certain substances, starting from June 30, 2022. As of this date, products imported have to be manufactured and labeled according to the new legislation. Old products formulas already in the market can be used while stocks last.

**When will Lifepak+ and Eye Formula be discontinued?**

- LifePak+ will be discontinued in Switzerland as of June 30, 2022. Customers can continue to purchase the product through Venlo.
- Eye Formula will be discontinued in Switzerland as of June 30, 2022 for 6 – 8 months. During this period, customers can continue to purchase the product through Venlo. When relaunched in the market, Eye Formula will be reformulated by reducing zinc level.

**Are Lifepak+ and Eye Formula being discontinued everywhere?**

No. Lifepak+ and Eye Formula will be discontinued in Switzerland only.
