*Sync your
S3 Scanner*

To sync your Scanner means:

SENDING THE DATA OF THE SCANS YOU MADE FROM YOUR SCANNER TO THE WORLDWIDE NU SKIN SERVER.

BENEFITS:

✓ On your Scanner reports, you see an overview of all your Scanner activity.

✓ The connection is made between scans linked to ADR orders.
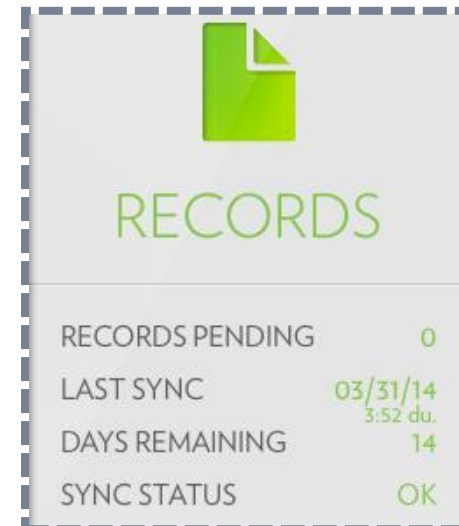

✓ Nu Skin can pay you your Scanner bonuses.

Sync your Scanner
with App 2.0

✓ After each of your scan sessions,
✓ at least once every 14 days <u>and</u>
✓ not later than the last working day of the month.

If your Scanner has not been synced within 14 days it gets automatically disabled. You can only do another scan after a new synchronization.

Look at the "Records" tab and see how many days you have left before the next sync:

Sync your Scanner with App 2.0

Your Scanner is automatically synced as long as your iPad* is connected to a Wi-Fi network.

- o All the **synced** scans show as:

- o All the **non-synced** scans show as:

- o To sync scans press on the button:

Sync your Scanner with App 3.0

Your Scanner is automatically synced as long as your device* is connected to a Wi-Fi network.

If your scans have not been synced just connect your device to a Wi-Fi network again not later than the last working day of the month and all scans will be synced automatically.

*The S3 Scanner Application 3.0 version is developed for OS 12 and above, iPhone and iPad.
