

Supplementing with Pharmanex products

Pharmanex LifePak[®]+ is a food supplement which consists of well-known vitamins, mineral and botanical extracts. It contains vitamin C that contributes to the protection of cells from oxidative stress and zinc that contributes to a normal cognitive function. Other nutrients present such as biotin, calcium, copper contribute to a normal energy-yielding metabolism.

LifePak[®]+ is specifically designed to target nine key functions of your body.

1. Contribute to normal cognitive function
2. Contribute to the maintenance of normal skin
3. Contribute to the protection of cells from oxidative stress
4. Contribute to the maintenance of normal bones
5. Contribute to the maintenance of normal vision
6. Contribute to normal blood clotting
7. Contribute to the normal function of the immune system
8. Contribute to normal energy-yielding metabolism
9. Contribute to the normal thyroid function

Supplementing with Pharmanex products

JVi® is a beverage made up of nine commonly consumed European fruits and vegetables (carrot, white and red grapes, apple, pear, tomato, watermelon, mango and olives) and three unique imperial fruits (wolfberry, sea buckthorn and acerola). It contains vitamin C.

This orange coloured beverage contains vitamin C, which contributes to the protection of cells from oxidative stress.

Joie de Vivre - Get a Taste for Life

Vitamin C contributes:

- to normal collagen formation of the skin.
- contributes to the normal function of the immune system
