

TRI-PHASIC BRIGHT™

Tri-Phasic Bright is a comprehensive skin brightening system containing five products that target all three critical phases of the discoloration process.

PHASE I: Helps protect from initial factors that cause discoloration.

PHASE II: Targets a key component that leads to visible skin discoloration.

PHASE III: Reduces the appearance of discoloration.

Tri-Phasic Bright will help you achieve even-toned, glowing skin for a brighter, more radiant you.

MEET TRI-PHASIC BRIGHT CLEANSER

Discoloration is so last month. This pearlescent, moisturizing mousse cleanses and brightens skin for a fresh, luminous appearance. It features creatinine to specifically target phase II of discoloration on the surface of your skin. This cleanser works to improve skin tone and texture while leaving skin feeling silky-soft. Because you should be able to brighten your complexion every time you cleanse.

WHY YOU'LL LOVE IT

- A pearlescent, moisturizing cleanser that leaves skin silky-soft while improving skin tone and texture.
- Helps diminish the appearance of skin discoloration as part of the system.
- Gently cleanses and removes dirt and oil for a fresh and radiant appearance.
- Formulated without parabens and fragrance.
- Safety-dermatologist tested.
- Gentle enough for all skin types.
