

SCANNER OPERATOR ONLINE LOCATOR TOOL APPROVAL FORM

The Scanner Locator tool uses Google technology to locate Scanner Lease Holders by zip code or city. Scanner Locator tool helps interested people find your scanner—and you. By participating in the locator tool, you place yourself on the frontline of our effort to scan the world. Your authorization is needed as your name and general location (city as it is listed on your account) is viewable to website guests.

The tool will email you the requesting individuals' information directly. You are responsible to keep the email address on your Distributor account up to date in order to receive these contact requests.

UNITED STATES AND CANADA

Yes! Please include me in the online directory as a Scan Operator for web browsers to contact me for a scan. I understand that my city and state (as listed on my account) along with my name will be viewable by those visiting www.nuskin.com in search of Scanner Operators.

Once I receive potential scan customer information via email, I agree to contact those interested within 48 hours. Participation is free.

I understand if I become unproductive with my scanner and fail to perform scans on a regular basis or other concern from NSE I may be removed from the online directory.

The map displays the Los Angeles metropolitan area with several blue pins indicating the locations of scanner operators. The pins are clustered in the northern and central parts of the city, including areas like West Hollywood, Beverly Hills, and Culver City. Major highways such as I-5, I-10, and I-405 are visible. The map interface includes a search bar, navigation controls, and map style options (Map, Satellite, Hybrid).
